

SIGNATURE VISTA SERIES *Textured Flat Underlays for Carpets*

PRODUCT DESCRIPTION

The **Signature Vista** is a premium quality high density textured flat sponge rubber underlay for general commercial and hospitality use. Unlike other similar looking underlays, the **Signature Vista** is made from 100% natural rubber and is environment friendly. With a higher density per square meter and its flat texture, it provides more dimensional stability to your carpet floors and minimizes carpet rucking. It is particularly suited for the stretch-fit installation of carpets and is compatible with under-floor heating. It provides extra underfoot comfort and helps to prolong the life of the carpet.

The **Signature Vista Series** is highly recommended for use in Hotel Guest Rooms, Hotel Corridors, Restaurants, Small Function Rooms, Lounges, Gyms, Fitness Rooms and Offices. It is suitable for heavy contract use with the End Use Classification (BS 5808: 1991) HC/U, Heavy Contract Use.

Our underlays conform to the British Standard BS5808 for underlays with the European Regulation (EC) N1907 / 2006 on REACH.

MANUFACTURER'S WARRANTY

A manufacturer's certificate of quality and warranty is available on request upon completion and due inspection of the project. This is important to ensure that you receive the authentic product and that no inferior quality substitutes are used for your projects. They are guaranteed for the life of the carpet when used in the above-recommended applications.
